All,

I'm extremely excited to share news that Sam Wood has been promoted to Nightside Executive Producer. Sam currently produces our 10:00 p.m. and has been at CBS 58/Telemundo Wisconsin since January of 2020. He has proven himself to be creative, flexible, steady, a good newsroom citizen and an excellent writer and producer. We are thrilled to welcome him to our management team.

Sam's first day in the new role will be Monday, April 4 (we joked with him that it's a quiet week-- not like there's an election and an opening day or anything 🙂). The search for a new 10:00 p.m. producer is on.

Please help me in congratulating Sam as he takes on new responsibilities.
