4:00pm Late Pick Up: $100/week (5 days)
** Campership: Financial Aid **

We strive to assure our summer program is accessible to all campers. If you are in need of financial assistance, please fill out the brief Campership form during the enrollment process. We do our best to meet every family’s need.

You will receive notification of your award decision via email.

** COVID-19 Update **

Please Note: We will be requiring full and current COVID 19 vaccinations for all of our Summer Camp staff. Updates on camper vaccination requirements will be forthcoming based on state and CDC guidelines and industry best practices.

Our Outdoor Summer Program gives children ages 4-13 a comprehensive exposure to outdoor fun and learning on a working farm in the city. We focus our education efforts on gardening, composting, bird and plant identification, exploring, farm animals and outdoor games in the natural environment of our farm.

The curriculum is guided by trained outdoor education teachers and assistants using the full range of natural amenities found at Allandale Farm. Children receive individual, developmentally appropriate attention in age-level groups. Your child will have new experiences to share every day.
