Registering for BPS is as easy as 1,2,3!

In an effort to keep all of our families safe and to limit exposure to COVID-19, school registration will be completed by appointment only. Follow all three of these steps to complete your students’ registration:

1. Visit https://sis.mybps.org to complete your pre-registration for your student and upload the required documents. You can find a list of the required documents here. Be sure to click the “SUBMIT” button once you have filled out the form.

2. Once your pre-registration is complete, schedule your appointment by clicking here. Be sure to select either “in person” or “remote.” This step is required to complete the process.

3. On the day of your appointment:
   - If you selected an in-person appointment, visit the Welcome Center you selected (see locations) at your scheduled time and meet your Registration Specialist to complete your registration.
   - If you select a remote appointment, a Registration Specialist will call you to complete your registration over the phone.
