ABOUT

Over the course of a two-month internship, Boston Public High School students will gain insight into fields of interest and will learn about diverse organizations and their missions and challenges. Students will engage in meaningful project-based learning through working with real-life projects related to their fields of study and areas of personal or career interest.

Program Benefits:
- Expand Your International Network.
- Develop Communication and Key 21st Century Skills.
- Deepen and Explore Your Passions.
- Start Building Your Career!
