

Measure specific Guidelines for Well Child Visits First 30 months of Life (W30)*

Description

The percentage of members who had the following number of well-child visits with a PCP during the last 15 months. The following rates are reported:

- Well-Child Visits in the First 15 Months. Children who turned 15 months old during the measurement year: Six or more well-child visits.
- Well-Child Visits for Age 15 Months–30 Months. Children who turned 30 months old during the measurement year: Two or more well-child visits.

Measurement Requirements

- *Well-Child Visits in the First 15 months.* Children who turned 15 months old during the measurement year.
- *Well-Child Visits for Age 15 months-30 months.* Children who turned 30 months old during the measurement year.

Tips for Compliance:

- Well-child visit must occur with a PCP, but the PCP does not have to be the practitioner assigned to the child
- Well-child visits must be on different dates of service, and the documentation must clearly state Well Child Visit with the date of service

Exclusions for the Measure

- Members in hospice at any time during measurement year
