The weighted vote table is as follows:

Voting Procedure

Election ballots will be distributed to one contact within a business. That contact will be the main contact indicated in our database. The ballot will be a single electronic ballot listing the weighting of that ballot. The votes are anonymous and tallied by an external company for both privacy and accuracy. The order of candidates on the ballot is determined by a draw process.

Information on the election process will be updated on an ongoing basis on our website (www.victoriachamber.ca)

Please consider running for the board. It is a great opportunity to lead our dynamic Chamber and our growing business community. Be a part of the history of a Chamber that has 158 years of building good business in our community.

Yours truly,
