WISCONSIN CHAPTER
AMERICAN COLLEGE OF CARDIOLOGY

ANNUAL SYMPOSIUM

**Access the September 12, 2021
Recorded Sessions Until
December 10, 2021 to Obtain
Educational Credits**

OVERVIEW

Dear Colleague:

We invite you to join register for our recorded sessions of our 2021 Annual Symposium. You will be able to access the recordings until Decmeber 10th for educational credits.

Fellows - In - Training and Students are free. We encourage you to post this registration brochure for members of your cardiovascular care team for access to this outstanding educational opportunity. Program brochures and registration information can be found on the Chapter's website: www.wcacc.org.

Nicole Lohr, MD, PhD, FACC
Associate Professor of Medicine, Medical College of Wisconsin
Program Director, WI-ACC Governor

JOINT ACCREDITATION STATEMENT

In support of improving patient care, this activity has been planned and implemented by the American College of Cardiology Foundation and the Wisconsin Chapter of the American College of Cardiology. The American College of Cardiology Foundation is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Physicians

The ACCF designates this internet live educational activity for a maximum of 5.0 AMA PRA Category 1 Credit(s)[™]. Physicians should only claim credits commensurate with the extent of their participation in the activity.

MOC

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 5.0 Medical Knowledge MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Nurses

The ACCF designates this internet live educational activity for a maximum of 5.0 continuing nursing education contact hours (1.5 pharmacotherapeutic nursing contact hours). Each attendee should only claim credits commensurate with the extent of their participation in the activity.

Pharmacists

ACCF designates this continuing education activity for 4.50 contact hours of the Accreditation Council for Pharmacy Education.

Physician Assistants

The American College of Cardiology Foundation has been authorized by the American Academy of PAs (AAPA) to award AAPA Category 1 CME credit for activities planned in accordance with AAPA CME Criteria. This activity is designated for 5.00 AAPA Category 1 CME credits. PAs should only claim credit commensurate with the extent of their participation.

While offering credits noted above, the course is not intended to provide extensive training or certification in this field.

JOINTLY ACCREDITED PROVIDER[®]
INTERPROFESSIONAL CONTINUING EDUCATION

PLANNING COMMITTEE

COMMITTEE CHAIR:

Nicole L. Lohr, MD, PhD, FACC
WI-ACC Governor
Associate Professor of Medicine
Cardiovascular Medicine Division
Medical College of Wisconsin

NURSE PLANNER:

Peggy Conroy, RN, MSN, APNP, ACNP-BC, AACC
WI-ACC CV Team Representative
Aurora Grafton Cardiology

PHARMACY PLANNER:

Stephanie D Eickman, PharmD, BCPS, BCCP
William S Middleton VA Hospital, Madison

COMMITTEE:

Abhinav Sharma, MD, FACC
WI-ACC Councilor
Froedtert and Medical College of Wisconsin

Joshua Liberman, MD, FACC
WI-ACC Immediate Past Governor
Columbia-St. Mary's Hospitals

Wah Wah Htun, MD, FACC, FSCAI
WI-ACC Councilor
Gundersen Health System

Renuka Jain MD, FACC
WI-ACC Councilor
Aurora Health Care

Aurangzeb Baber, MD, FACC
WI-ACC Councilor
University of Wisconsin School of Medicine and Public Health

Geetanjali Dang, MD, MS, FACC
WI-ACC Councilor
Medical College of Wisconsin

Divyanshu Mohananey, MD
Medical College of Wisconsin

Roderick C Deaño, MD, MPH, FACC
WI-ACC Councilor
University of Wisconsin School of Medicine and Public Health

Svetlana Zaharova, PhD, FNP
The Medical College of Wisconsin

Statement of Need:

Cardiovascular Disease is the leading cause of death in both men and women in the United States. Despite the advances in treatment of cardiovascular disease it still accounts for over 1/3 of deaths in the United States. The rapidly changing healthcare environment often leaves the entire CV team struggling to find the most current and up to date information needed to manage their patients. Information on new treatment guidelines, managing specific diseases, and optimizing the multidisciplinary care of the cardiac patient will provide the CV team an opportunity to identify the most current available information for the clinical care of their patients.

Overall Goal;

The overall goal of this activity is to improve patient care by increasing learner competence in diagnosing aortopathies, CAD, Pulmonary Embolism, cardiogenic shock, cardio-obstetrics, as well as improving performance in using appropriate guidelines-based treatment for HOCM and SGLT2 Inhibitors.

Learner Objectives

- Describe current practices in diagnosis, screening and management of patients with hypertrophic cardiomyopathy.
- Describe how to balance thrombotic risk vs bleeding risk when selecting treatment strategies.
- Describe the basic principles behind 3D echo imaging and how to optimize acquisition.
- Explain the most recent data on the benefits of PFO closure.
- Describe the contemporary use of CT for the diagnosis and risk stratification of CAD.
- Discuss the incidence of prevalence of cardiovascular disease among pregnant and post-partum patients.
- Discuss the current data, guidelines, and future directions in managing cardiogenic shock.
- Discuss the new insights into the genetic basis of hereditary aortopathies.
- Discuss the use of SGLT2 inhibitors in the management of cardiovascular disease.
- Describe the opportunities for and obstacles to remote monitoring and wearables.

Target Audience;

Physicians, Fellow-In-Training, Nurses, Clinical Nurse Specialists, Nurse Practitioners, Physician Assistants, and Pharmacists.

Acknowledgments:

At the time of printing, a complete listing of supporters was not available. Appropriate acknowledgement will be updated upon confirmation of support and at the time of the course.

Learner Bill of Rights;

The American College of Cardiology Foundation (ACCF) recognizes that you are a life-long learner who has chosen to engage in continuing medical education to identify or fill a gap in knowledge of Skill; and to attain or enhance a desired competency. As part of ACCF's duty to you as a learner, you have the right to expect that your continuing medical education experience with ACCF includes the following:

Content that:

- Promotes improvement or quality in healthcare
- Is current, valid, reliable, accurate and evidence-based
- Addresses the stated objectives or purpose
- Is driven and based on independent survey and analysis of learner needs, not commercial interests
- Has been reviewed for bias and scientific rigor
- Offers balanced presentations that are free of commercial bias
- Is vetted through a process that resolves any conflicts of interest of planners and faculty
- Is evaluated for its effectiveness in meeting the identified educational need

A Learning Environment that:

- Is based on adult learning principles that support the use of various modalities
- Supports learners' abilities to meet their individual needs
- Respects and attends to any special needs of the learners
- Respects the diversity of groups of learners
- Is free of promotional, commercial and/or sales activities

Disclosure of:

Relevant financial relationships that planners, teacher, and authors have with commercial interests related to the content of the activity
Commercial support (funding on in-kind resources) of this activity

Disclaimer Statement:

- Abstract and articles contained in this course guide have been reprinted with permission.
- This information is provided for general medical education purposes only and is not meant to substitute for the independent medical judgement of a clinician relative to diagnostic and treatment options of a specific patient's medical condition.
- The American College of Cardiology Foundation (ACCF) does not warrant the completeness, accuracy or usefulness of any opinions, advice, services or other information provided through this activity. In no event will ACCF be liable for any decision made, or action taken, in reliance upon the information provided through this activity.
- Accredited status does not imply endorsement by ACC of any commercial products displayed in conjunction with this activity.
- ACCF reserves the right to modify faculty and program without notice.

Disclosure Policy;

As a provider accredited by the Accreditation Council for Continuing Medical Education (ACCME) and the American Nurses Credentialing Center (ANCC), the American College of Cardiology Foundation (ACCF) must ensure balance, independence, objectivity, and scientific rigor in all of their directly provided or jointly provided/co-provided educational activities. Planners, presenters, and other contributors, in a position to control the content are required to disclose to the audience all relevant financial relationships he/she and/or his/her spouse or domestic partner may have, occurring within the past 12 months, with any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients. When an unlabeled use of any commercial product or an investigational use not yet approved for any purpose is discussed during an educational activity, the contributor should disclose that the product is not labeled for the use under discussion of that the product is still investigational. ACCF is committed to providing its learners with high-quality activities and materials that promote improvements in quality in health care not a specific proprietary business of commercial interest. The intent of this disclosure is not to prevent participation in educational activities by persons with a financial or other relationship, but rather to provide learners with information on which they can make their own determination whether financial interests or relationships may influence the educational activity.

ACCF assesses conflicts of interest (COI) with its faculty, planners, managers, staff, and other individuals who are in a position to control the content of CMD/CNE activities. All relevant potential conflict of interest that are identified are thoroughly vetted through a process that includes course directors and appropriate peer review by education committee chairs/members, for fair balance, scientific objectivity and validity, and patient care and safety recommendations.

Credit and Course Evaluation:

Your feedback from this American College of Cardiology (ACC) educational course will help us to better target ACC educational initiatives and efforts to support you and your future learning needs. In order to receive your (CME, CNE, CPE, PA, MOC) certificate of certificate of attendance, you must complete a brief evaluation survey online. This survey will be sent via email and will include a direct link to the survey. We strongly recommend that evaluations and credit claims be submitted within one MONTH of the course, but you must complete them within three months of the course.

AGENDA

<p>CURRENT CONCEPTS IN HYPERTROPHIC CARDIOMYOPATHY Scott Cohen, MD, MPH <i>Medical Director, Wisconsin Adult Congenital Heart Disease Program Departments of Internal Medicine and Pediatrics, Medical College of Wisconsin, Milwaukee, WI</i></p>	
<p>UPDATE ON RISK STRATIFICATION AND MANAGEMENT OF HEREDITARY THORACIC AORTIC ANEURYSMS Salil Ginde, MD, MPH, FACC <i>Director of Marfan and Related Connective Tissue Disorders Program, Medical College of Wisconsin, Milwaukee, WI</i></p>	
<p>CARDIAC CT FOR RISK STRATIFICATIONS OF CAD Daniel Harland, MD, FACC <i>Aurora Healthcare Medical Group, Milwaukee, WI</i></p>	
<p>THREE - DIMENSIONAL ECHOCARDIOGRAPHY: BASIC PRINCIPLES AND KEY AREAS OF UTILITY Abhinav Sharma, MD <i>Co-Director, Cardiac CT, Director, Hypertrophic Cardiomyopathy, Medical College of Wisconsin and Froedtert Hospital, Milwaukee, WI</i></p>	
<p>CURRENT INNOVATIONS IN TREATMENT OF ACUTE PULMONARY EMBOLISM Tonga Nfor, MD, FACC <i>Associate Director, Cardiovascular Disease Fellowship Program, Advocate Aurora St. Luke's Medical Center, Milwaukee, WI</i></p>	
<p>IS SURVIVAL IN CARADIOGENIC SHOCK STILL A COIN FLIP? Sasanka Jayasuriya MD, FACC, FSCAI <i>Ascension Medical Group, Columbia St Mary's, Milwaukee, WI</i></p>	
<p>SGLT2 INHIBITORS Vicki Groo, PharmD. BCCP, CHC <i>Clinical Pharmacist Cardiology, Clinical Associate Professor, Colleges of Pharmacy and Medicine, University of Illinois @ Chicago</i></p>	
<p>CARDIO-OBSTETRICS - WHAT ALL CARDIOLOGISTS SHOULD KNOW Sarah Thordsen, MD, FACC <i>Medical College of Wisconsin</i></p>	
<p>GETTING CLOSURE ON PFO CLOSURE Noa Holoshitz, MD, FACC <i>Ascension Medical Group, Columbia St Mary's, Milwaukee, WI</i></p>	
<p>INCOMING! INCOMING! "WEARABLES," REMOTE PATIENT MONITORING, AND ARTIFICIAL INTELLIGENCE TECHNOLOGIES IN CV PRACTICE: IMPLICATIONS FOR THE PRACTITIONER Anthony DeFranco, MD, FACC <i>Advocate Aurora St. Luke's Medical Center, Milwaukee, WI, WI-ACC Past Governor</i></p>
