SECOND BIENNIAL
CURRENT PARADIGMS IN CARDIOVASCULAR CARE OF THE CANCER PATIENT/SURVIVOR
2021: What Healthcare Professionals Should Know

OCTOBER 2, 2021
Convene | 16 West Adams Street
Chicago, Illinois

Sponsored for CME credit by Rush University Medical Center

PROGRAM INFORMATION

PURPOSE: Cardiovascular disease and cancer are the #1 and #2 causes of death in the United States. Both conditions involve many variables and their study is constant and diffuse. Cardio-oncology is a nascent field which focuses on preventing adverse cardiovascular outcomes in patients with active cancer and improving the overall cardiovascular health of cancer survivors. This involves specific understanding of interactions between cancer and the cardiovascular system; as well as intrinsic knowledge of cancer therapeutic agents including chemotherapy, radiation therapy, and newer targeted therapies which include immunotherapy, such as immune checkpoint inhibitors and Car-T cell therapy. Furthermore, recent developments in the medical management of cardiac disease (such as SGLT-2 inhibitors and ivabradine) present new therapeutic options for affected cancer patients and survivors. With such rapid change, clinicians often find it difficult to remain up-to-date with the best means of identifying and treating patients. The purpose of this program is to familiarize primary care providers, hospitalists, oncologists, cardiologists, advanced practice providers, pharmacists and trainees with updated treatment of cardiac conditions seen in cancer patients and survivors.

EDUCATIONAL OBJECTIVES:
At the conclusion of this activity, participants should be better able to:

1. Define the risks of cancer treatment-related cardiac dysfunction for patients who have undergone therapy for cancer.
2. Provide some knowledge of cardiovascular effects of newer cancer therapies; as well as the potential use of newer cardiac drugs for management of cardiovascular complications associated with cancer therapy.
3. Implement strategies for early detection, correction of cardiac risk factors and close, as well as long-term cardiovascular monitoring in order to reduce the effects of cardiotoxicity (including arrhythmias, heart failure, severe hypertension, valvular heart disease, pericardial disease, and autonomic dysfunction) for patients who are at risk for cancer treatment-related cardiac dysfunction.
4. Assess appropriate and effective treatment strategies and referral for patients who have (or are at risk for) long-term toxicity-related cardiac dysfunction, including heart failure, valvular dysfunction, hypertension, and autonomic dysfunction.

TARGET AUDIENCE
This activity has been planned for Primary Care Providers, Hospitalists, Oncologists, Cardiologists, Advanced Practice Providers, Pharmacists, Nurses and Medical Trainees interested in learning about the field of Cardio-Oncology.

CONFERENCE LOCATION
IN-PERSON: at CONVENE, 16 West Adams Street, Chicago, Illinois 60603
VIRTUALLY ONLINE: Login information sent out 72 hours prior to conference.

HOTEL ACCOMMODATIONS
A block of rooms has been reserved at the JW Marriott located at 151 W. Adams Street, Chicago, Illinois. To reserve your room, please either use this unique booking link: https://book.passkey.com/go/ProffessionalContentParadigm or call 312-660-8200 and mention the conference name by September 1, 2021.

ACCREDITATION/DESIGNATION
In support of improving patient care, Rush University Medical Center is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Rush University Medical Center designates this live activity for a maximum of 7.75 AMA PRA Category 1 Credit(s)™. Physicians should claim only credit commensurate with the extent of their participation in the activity.

Rush University Medical Center designates this live activity for a maximum of 7.75 nursing contact hour(s).

Rush University Medical Center designates this knowledge-based live activity for a maximum of 7.75 contact hour(s) for pharmacists.

UNAPPROVED USES OF DRUGS/DEVICES
In accordance with requirements of the FDA, the audience is advised that information presented in this continuing medical education activity may contain references to unlabeled or unapproved uses of drugs or devices. Please refer to the FDA approved package insert for each drug/device for full prescribing/utilization information.

FACULTY DISCLOSURE
As a provider of continuing education, Rush University Medical Center asks everyone who is in a position to control the content of an education activity to disclose all relevant financial relationships with any commercial interest. This includes any entity producing, marketing, re-selling, or distributing health care goods or services consumed by or used on patients. The ACCME defines “relevant financial relationships” as financial relationships in any amount occurring within the past 12 months, including financial relationships of a spouse or life partner that could create a conflict of interest. Mechanisms are in place to identify and resolve any potential conflict of interest prior to the start of the activity.

EDUCATIONAL GRANTS/COMMERCIAL SUPPORT
A complete listing of commercial support received will be provided in the conference materials.

COURSE DIRECTORS
Tochi M. Okwuosa, MD
Director of Cardio-Oncology
Rush University Medical Center

Annabelle Santos Volgman, MD
McMullan-Eybel Endowed Chair for Excellence in Clinical Cardiology
Rush University Medical Center

GUEST FACULTY
Nausheen Akhter, MD
Associate Professor of Medicine
Director of Cardio-Oncology
Northwestern University
Feinberg School of Medicine

Ana Barac, MD
Associate Professor
MedStar Health

Mary Branch, MD
Instructor
Wake Forest University

Sherry-Ann Brown, MD, PhD
Assistant Professor
Director of Cardio-Oncology
Froedtert & Medical College of Wisconsin

Jeanne DeCara, MD
Professor of Medicine
Director, Cardio-Oncology Program
University of Chicago

Jean Bernard-Durand, MD
Professor
Department of Cardiology Medical Director of Cardiomyopathy Services
Director of Cardiovascular Genetics Research
University of Texas MD Anderson Cancer Center

Chris Guns, MD
Assistant Professor of Clinical Medicine
Director, Onco-Cardiology Program
Heart Failure and Echocardiography
University of Illinois

Javier Gomez Valencia, MD
Assistant Professor of Medicine
Director of Stress Laboratory, Nuclear Cardiology, and Cardiac Station
Cook County

Katherine L. Griem, MD
Professor
 Loyola University
President, Nuclear Oncology
Medical Care

Salim Hayek, MD
Assistant Professor
Medical Director, Frankel Cardiovascular Center Clinics
University of Michigan

Haseeb Ilias Basha, MD
Assistant Professor of Cardiology
Cardio Clinic
University of Illinois

Suma Konety, MD
Professor of Medicine
Cardiovascular Division
University of Minnesota Clinics and Surgery Center Health Care Center

Javid Mosleh, MD
Associate Professor of Medicine
Director, Cardio-Oncology
Vanderbilt University Medical Center

Sunil Pauwaa, MD
Advanced Heart Failure and Transplant Cardiology
University of Illinois/Advocate

Eric Yang, MD
Associate Clinical Professor of Medicine
Director, UCLA Cardio-Oncology
University of California, Los Angeles

Vlad Zaha, MD
Associate Professor
University of Texas Southwestern

RUSH UNIVERSITY FACULTY
Sally A. Arif, PharmD, BCPP, BCCP
Associate Professor of Pharmacy Practice
Midwestern University, College of Pharmacy
Clinical Pharmacist, Cardiology
Rush University Medical Center

Lynne Braun, PhD, CNP
Professor Emerita
Department of Internal Medicine
Rush University Medical Center

Mary Jo Fidler, MD
Associate Professor
Section Chief, Medical Oncology
Rush University Medical Center

Teresa O’Brien, NP
Rush University Medical Center

Agnie Paner, MD
Associate Professor
Department of Internal Medicine, Division of Hematology, Oncology and Cell Therapy
Rush University Medical Center

Ruta D. Rao, MD
Professor of Medicine
Medical Director,
Rush University Cancer Center
