NPPGA Research Reporting Conference
15 February 2022
Alerus Center, Grand Forks, ND

8:00-9:00		Registration
9:00-9:20	Dr. Andy Robinson, NDSU/UMN	Potato Agronomy Management Studies
9:20-9:25	Dr. Andy Robinson, NDSU/UMN	Late Blight Spore Trapping Network for Minnesota and North Dakota
9:25-9:55	Dr. Susie Thompson, NDSU	Genetic Improvement & Potato Cultivar Development for the Northern Plains
9:55-10:10	Dr. Guiping Yan, NDSU	Identifying Effective Cover Crops for Managing the Root-lesion, Nematode, *Pratylenchus Penetrans*
10:10-10:25	Break	
10:25-10:35	Dr. Ian MacRae, UMN-Crookston	Management of Colorado Potato Beetle 2021
10:35-10:45	Dr. Ian MacRae, UMN-Crookston	Managing PVY Vectors 2021
10:45-11:00	Dr. Yuxin Miao	Proximal and Remote Sensing-based Non-destructive Diagnosis of Potato Nitrogen Status
11:00-11:45		NPPGA Annual Meeting
11:45-1:00		Lunch & Poster Session
1:00-1:15	Dr. Laura Shannon, UMN	Evaluating Selected Legacy UMN Potato Cultivars for Nitrogen Efficiency & Potential for Release
1:15-1:30	Dr. Darrin Haagenson, USDA-ARS	Impact of Bannock Seed Age on Yield Components
1:30-2:00	Dr. Carl Rosen, UMN	Nutrient Management Studies on Irrigated Potatoes
2:00-2:15	Break	
2:15-2:35	Dr. Julie Pasche, NDSU	Adjusting Planting Date for the Management of Verticillium Wilt
2:35-2:40	Dr. Julie Pasche, NDSU	Support of Irrigated Potato Research for North Dakota and Minnesota
2:40-3:00	Dr. Andy Robinson, NDSU/UMN	Production Practices Survey
